Outer Box Content & Weight

12 pies per box (3 rows of 4)
Approximate weight 3kg

Box Size

Box approx. Size: 44cm x 34cm x 6cm

Pallet Configuration

4-way entry pallet (1000mm x 1200mm)
176 per pallet (22 layers of 8)
Pallet weight 575kg (approx.)
Pallet height 1.7m (approx.)

Labelling & Coding Information

Outer Barcode – 5030756 000134 (UK)
5030756 001292(Export)

The box is sealed with a 'brown' printed white self-adhesive label. The batch code is printed on the box for full traceability.

Storage & Distribution Temperatures

At or below -18°C. Do not refreeze after thawing.

Product Shelf Life

15 Months.

Heating Guidelines

Reheat from frozen.

For best results, please heat pies in a conventional oven or pie heater rather than using a microwave. Leave the pie in its foil container. Place on a baking tray in the middle of the oven and heat for:

For a Pre-Heated Fan Assisted Oven/Gas oven:

1. Heating from Frozen - 40 minutes at 160°C (Gas Mark 4).
2. Heating after thawing out overnight in fridge - 20 minutes at 170°C (Gas Mark 5).

Adjust the times according to your particular oven as conventional ovens may take longer to heat the product than fan assisted ovens.

For warming in a pre-heated 'Pukka Pies' heater:

1. From frozen – 1½ hour on full.
2. After thawing in a fridge overnight - 1¼ hour on full.

To prevent burning or boiling out, always turn the heater down when pies are up to temperature. For more detailed heating guidelines request a copy of our 'pie care sheets'.

These are only guidelines as appliances may vary.

Always check that food is piping hot throughout before serving.

Microbiological Specification

Baked Products
